

# selfdriven Team

The foundation team is a collective of people passionate about the value of education and its capacity to create a least-harmful society.

A part of the selfdriven Organisation →

## Team Member Types

### Founding

Actively involved in the foundation.

### Advisory

Expert advisors to the foundation.

### Community

Governance input and voting based on SDF tokens.

## Governance Responsibilities include...

- › Custodians of the Supported Self-Driven Learning Framework.
- › Voting on decisions (based on SDF tokens).
- › Advisory board for decisions relating to the cloud service.
- › Strategic direction.
- › Custodians of the selfdriven Foundation [DAO](#).
- › Community engagement.

Over time the governance responsibilities will be incrementally moved to the selfdriven Foundation Decentralised Autonomous Organisation (DAO).

## Team

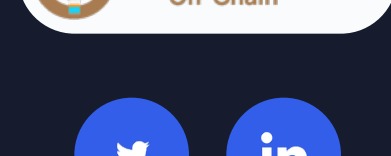

**Mark Byers**

Founding Member | Tech

25+ years experience in internet based technologies.

Engineer & Co-founder of [entityOS](#).

**Bence Lukacs**

Founding Member

Strategic Partnerships & Community

[More about Bence](#)

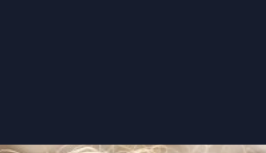

**Benjamin Heurich**

Founding Member

Framework Research and Education

[More about Benjamin](#)

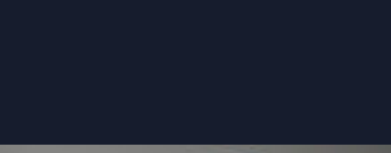

**Corinne Phillips**

Founding Member | Research

Research Facilitator

[More about Corinne](#)

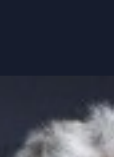

**Maria Florencia Amigó**

Advisor

Learning Frameworks & Experience Based Learning

[More about Maria](#)

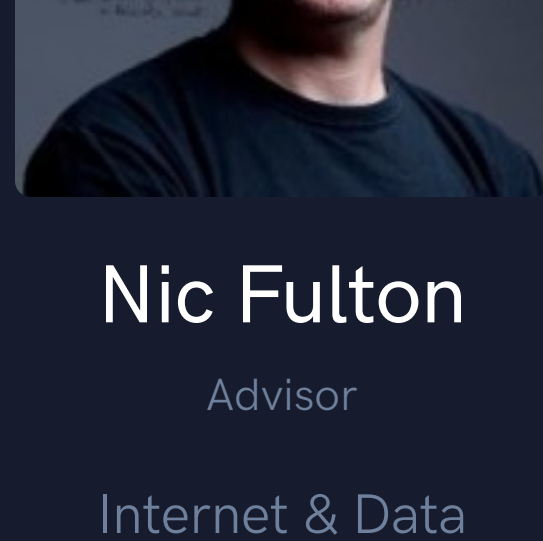

**Mark Harricks**

Advisor

Product & Marketing

Founder of [New Colony](#).

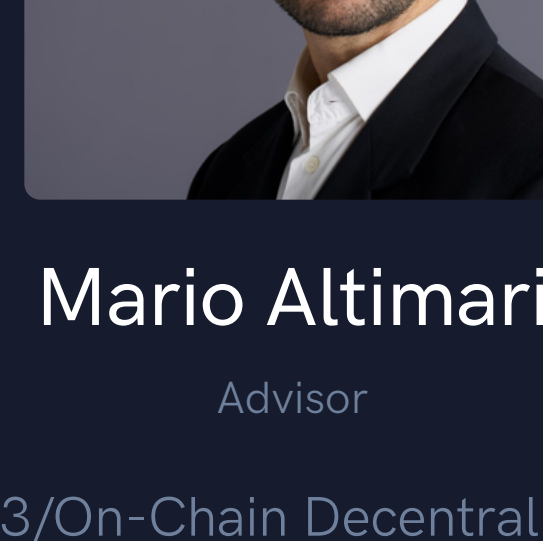

**Nic Fulton**

Advisor

Internet & Data

[More about Nic](#)

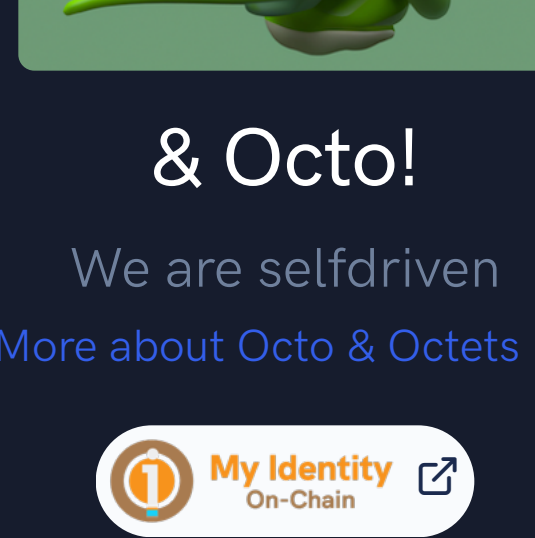

**Mario Altimari**

Advisor

Web3/On-Chain Decentralisation

[More about Mario](#)

## & Octo!

We are selfdriven

## & The Decentralised Team!

And all the community members that are putting energy into designing, building & supporting selfdriven!

e.g. [Octets](#), [Signing up for SDI](#) etc

[About the selfdriven Community →](#)

The foundation works closely with the selfdriven Research & Ethics Working Group →

## Team Member Types

Member types determine obligations to the foundation and community.

<b>Founding Originator</b>	Effort to 30JUN2023 for project initiation, research & design, community engagement, documentation & tech building.
<b>Founding Members (5)</b>	8 hours per month to complete foundation based work as per role description within the foundation team member agreement. And governance discussions / decisions.
<b>Advisory Members (8)</b>	16 hours per year to comment on direction, including 4 hours for the annual direction planning session And governance discussions / decisions.
<b>The Decentralised Team</b>	Participating in pilots <a href="#">Connecting</a> and signing up for a SDI. <a href="#">Testing FindingOcto</a> <i>Includes foundation set up tasks by Founding &amp; Advisory member types; 1 hour = 50 SDF tokens; Total maximum allocation of 10,000 SDF tokens.</i>

[Founding & Advisory Team Member Agreement ↗](#)

## Recognition of Effort

Members of the team are recognised for their effort with the allocation of SDF tokens.

Member Type	SDF For Effort	Total SDF Available
<b>Founding Originator</b> Rewards become active; 25% 30JUN2023, then 25% every 12 months.	48,000	48,000
<b>Founding Members (5)</b> Rewards become active; 25% 6 months after signing agreement, then 25% every 6 months.	8,400	42,000
<b>Advisory Members (8)</b> Rewards become active; 25% 6 months after signing agreement, then 25% every 6 months.	1,250	10,000
<b>The Decentralised Team Members</b> Rewards become active; immediately.	<i>Based on effort, measured as verified time relating to output.</i>	60,000
<b>The Foundation Treasury</b>	<i>Future funding of foundation activities.</i>	40,000
<b>TOTAL</b>		<b>200,000</b>

[Rewards for Effort →](#)

## Areas of Focus

Founding type team members have specific areas of focus.

They will typically focus about 70% of their energy on their primary area, but this may be distributed across multiple focus areas as the team continues to build.

They are responsible for ensuring that the structures and processes are in place for their areas of focus, and for facilitating relevant stakeholder activity using these structures and processes.

### Direction

Strategy & structures in regards to overall direction.

**Mark Byers**

### Framework Research

Facilitating the research & research group.

Building the Universal Skills Set.

**Benjamin Heurich**

Supported By Maria Florencia Amigó (Advisor)

### Community Engagement (Blockchain Tech/Cardano)

Awareness, Network, Working within the traditional education ecosystem.

**Bence Lukacs | Mark Byers**

Supported By Mario Altimari (Advisor)

### Community Engagement (Education)

Awareness, Network, Working within the traditional education ecosystem.

**Benjamin Heurich | Bence Lukacs**

### Marketing

Marketing & Brand, including communication websites etc

**Mark Byers | Bence Lukacs**

Supported By Mark Harricks (Advisor)

### Data / Information Security

All things data and its protection & value.

**Mark Byers**

Supported By Nic Fulton (Advisor)

### On-Chain Decentralisation

Blockchain Technology (Cardano)

Decentralised Autonomous Organisations

**Benjamin Heurich**

Supported By Mario Altimari (Advisor)
