

selfdriven Roadmap

The selfdriven plan.

Organisational Structure

The organisation and planning are based on the following four zones ...

Direction

Strategic direction during start up and on going.

Lab

Framework and services. Research & development.

Engagement

Community engagement, including pilot programs with learning-partner organisations.

Operations

Running of the services, on-chain and cloud based (off-chain).

Roadmap covers ...

- > Start up & on-going phases.
- > Building the foundation team.
- > Community engagement & building.
- > Building the technology.
- > Governance.
- > Decentralisation.
